Greetings,

Last week we sent home a green paper detailing some helpful ideas should you like your student to have nightly homework. Occasionally we will send home work for students to do and return but if you like to do something each night we included ideas for each content area as well as helpful websites. We hope this is helpful. If you have any questions feel free to contact us.

We are looking forward to continuing Unit 4 in Reading where we will continue learning about Story Elements and in Math we will continue working on missing addend problems.

In writing we will continue to work on Informational Writing. Students will be choosing animals to write about.

Stay tuned as we are sure there will be plenty of fun Thanksgiving activities to announce soon.

Sincerely,
